

## Fall 2014 Mayor's Report

How quickly the summer has past. I appreciate everyone that attended the 2014 Smallville SuperFest. I also thank the great group of folks that volunteered for this wonderful event. Without volunteers this event would not be possible. I am looking forward to Oktoberfest, September 26, 27 & 28; everyone is welcome to join in the fun.

We have several new businesses either open or opening soon. Zambrano's and Dos Caminos have recently opened and the construction of McDonalds is going well. Please shop locally at these and our other great stores in Plano.

On Oct. 7<sup>th</sup> and 8<sup>th</sup> I, Alderman Alan Holt, Alderman Mulliner and Economic Development Corporation Director Rich Healy will be attending the International Council of Shopping Centers Chicago Dealmakers Conference at Navy Pier. This conference is a great opportunity to meet with retail store representatives and brokers to promote the City of Plano. We will continue to aggressively market the City of Plano to both commercial and industrial companies. We have several areas in the City that we would like to see developed with retail and commercial users.

Thank You, Mayor Bob Hausler
