Committee of the Whole,

We have identified the need and prepared for the purchase of (4) squad replacement computers. Please see below for the details of this request.

Identified need: The mobile data terminal computers (MDT's) in the squads were purchased refurbished and are beginning to lag. The more systems we add to them, the more this will take place. This fiscal year we budgeted to replace 4 of them and also incorporate a new MDT into vehicles as we purchase new units. Research was done on our own first to see what options were out there while being Cognizant of what we budgeted.

Purchasing Options:

3 attempts for quotes were made:

1. **Panasonic** which we currently have in the vehicles- multiple efforts were made to obtain an official quote. At a base price they run about \$4000 a unit minimum specs so that would put us over \$16,000 (over our budgeted number of \$15,000)
2. **Dell**- came in at **\$11,622.36** for 4 units
3. **Reliable (AID)** was then consulted to see what the most efficient and sustainable pc's would be for the squads.
 - a. For the same make and model the Latitude 5430 the total price would be **\$12,455.52**
 - i. This includes AID purchasing it for us
 - ii. Configuring it for us
 - iii. An extra USB which is needed for wireless air card for internet
 - iv. The ability to provide extra security on the MDT with a fab to log in
 - v. Faster processing speeds, which are crucial when using e citation and the CAD.

Recommendation:

Request to purchase 4 squad replacement computers from AID with a 36mo warranty included for a cost of \$12,455.52.

**** \$2,544.48 under budget ****

Governing Terms: This Quote is subject to: (a) a separate written agreement between Customer or Customer's affiliate and Supplier or a Supplier's affiliate to the extent that it expressly applies to the products and/or services in this Quote or, to the extent there is no such agreement, to the applicable set of Dell's Terms of Sale (available at www.dell.com/terms or www.dell.com/oaemterms), or for cloud/as-a-Service offerings, the applicable cloud terms of service (identified on the Offer Specific Terms referenced below); and (b) the terms referenced herein (collectively, the "Governing Terms"). Different Governing Terms may apply to different products and services on this Quote. The Governing Terms apply to the exclusion of all terms and conditions incorporated in or referred to in any documentation submitted by Customer to Supplier.

Supplier Software Licenses and Services Descriptions: Customer's use of any Supplier software is subject to the license terms accompanying the software, or in the absence of accompanying terms, the applicable terms posted on www.Dell.com/eula.
